the artist s guide to success in the music business is a detailed analysis of the information that all musicians should understand in order to achieve a realistic sustainable and successful career in music

now appearing in an english translation this book by szymon paczkowski is the first in depth exploration of the polish style in the music of johann sebastian bach bach spent almost thirty years living and working in leipzig in saxony a country ruled by friedrich

august i and his son friedrich august ii who were also kings of poland as august ii and august iii this period of close polish saxon relations left a significant imprint on bach's music paczkowski's meticulous account of this complex political and cultural dynamic sheds new light on many of bach's familiar pieces the book explores the semantic and rhetorical functions that undergird the symbolism of the polish style in baroque music it demonstrates how the notion of a polish style in music was developed in german music theory and conjectures that bach's successful application for the title of court composer at the court of the elector of saxony and king of poland would induce the composer to deliberately use elements of the polish style this comprehensive study of the way bach used the polish style in his music moves beyond technical analysis to place the pieces within the context of baroque customs and discourse this ambitious and inspiring study is an original contribution to the scholarly conversation concerning bach's music focusing on the symbolism of the polonaise the most popular and recognizable polish dance in 18th century saxony in saxony at this time the polonaise was associated with the ceremonies of the royal electoral court in dresden and saxon musicians regarded it as a musical symbol of royalty paczkowski explores this symbolism of the polish royal dance in bach's instrumental music and which is also to be found to an even greater extent in his vocal works the polish style in the music of johann sebastian bach provides wide ranging interpretations based on a careful analysis of the sources explored within historical and theological context the book is a valuable source for both teaching and further research and will find readers not only among musicologists but also historians art historians and readers in cultural studies all lovers of bach's music will appreciate this lucid and intriguing study

the displacement of chou wen chung from his native china in 1948 forced him into western european culture ultimately finding his vocation as a composer he familiarized himself with classical and contemporary techniques but interpreted these through his traditionally oriented chinese cultural perspective the result has been the composition of a unique body of repertoire that synthesizes the most progressive western compositional idioms with an astonishingly traditional heritage of asian approaches not only from music but also from calligraphy landscape painting poetry and more chou's importance rests not only in his compositions but also in his widespread influence through his extensive teaching career at columbia university where his many students included bright sheng zhou long tan dun chen yi joan tower and many more during his tenure at columbia he also founded the u s china arts exchange which continues to this day to be a vital stimulus for multicultural interaction the volume will include an inventory of the chou collection in the paul sacher stiftung in basel switzerland

with the report of the 16th meeting 1894 was issued the secretary's official report of the special meeting chicago 1893 containing a résumé of the reports of meetings from 1876 to 1892

scm is a rapidly emerging paradigm that is transforming the organisation of business operations as firms seek ever new and

innovative ways of finding the elusive mantra of competitive advantage little work to date has been undertaken on the creative sector this e book hopes to address this by offering some interesting and informative exploratory work in different areas of the sector one aim was to offer some insights and lessons that could be drawn on by the wider business community

is music a language of the emotions how do recorded pop songs differ from works created for live performance is john cage s silent piece 4 33 music stephen davies s new book collects some of his most important papers on central topics in the philosophy of music as well as perennial questions davies addresses contemporary controversies including the impact of modern technology on the presentation and reception of both new and old musical works these essays two ofthem new and previously unpublished are self standing but thematically connected and will be of great interest to philosophers aestheticians and to theorists of music and art
